

# CLERKS GET \$1.60 PAY HIKE

As a result of the suspension of wage controls by President Eisenhower clerks in grocery and liquor stores of the Torrance Area now are receiving \$1.60 per week more

than they were prior to the date of suspension. The journeyman's rate for 40 hours now is \$77.90, a joint statement by the Harbor Area Employers' Council and Retail Clerks Local 905 said.

Grocery and liquor contracts negotiated as of Nov. 1, 1952, provided a 4c per hour "improvement factor" as Jan. 1, 1953, subject to approval of the Wage Stabilization Board. "Suspension of controls and subsequent interpretations, have made it necessary to effectuate

this increase without WSB approval," Frank S. Selever, executive secretary of the Employers' Council, said. It is retroactive to Jan. 1, 1953. The rate now is comparable to that paid by food markets in Long Beach and Los Angeles, it was pointed out.

Suspension of controls will have no effect on the provisions of the mercantile agreement, negotiated as of Feb. 3, 1953 and providing for a \$1.00 increase for all classifications.

## G. Kendrick Returning From Japan

Army PFC Glen E. Kendrick, son of Mr. and Mrs. Frank Kendrick, 20926 Shearer ave., Torrance, is returning to the United States under the Army's rotation

program after 18 months in the Far East.

He served in the 1st Cavalry Division, which spent 17 months in the front lines of Korea before being assigned to security duty in Japan late in 1951.

World War II veterans will remember this same division landed at Lingayen Gulf on Luzon, Philippine Islands in early 1945 and raced south to help liberate Manila. American prisoners of war held at Santo Tomas Univer-

sity were freed by an advance column of the 1st Cavalry.

Kendrick, a veteran of seven months in Korea with the division, served as a cook in his unit.

He entered the Army in February, 1951.

### Women Serve

Washington (SF)—About 140,000 women served in the women's army corps during World War II.

## Fairy Tale Here

Hans Christian Andersen's fairy tale, "Prince Swineherd," will be presented for Harbor and South Bay area youth in a Saturday matinee on Feb. 28, in San Pedro High School Auditorium, according to Mrs. Nadine Farrar Nickel, Torrance committee member of the San Pedro Philharmonic and Artists Association.

## Stores Ready With Dollar Day Values

Downtown Merchants today were readying their stores for dollar value days on Friday and Saturday of this week.

These are traditional dollar days which everyone in the greater Torrance area has been waiting for, according to Dale Isenberg, Sec'y. Torrance Chamber of Commerce. Merchants in the downtown area have combed both California and Eastern markets for big values in fresh spring merchandise.

Isenberg pointed out that Torrance Dollar Days are not in any sense a clearance sale which is common with dollar day events in other localities. Shoppers will find the stores loaded with new merchandise purchased especially for this sales event and will effect substantial savings to the budget wise housewife.

Isenberg also pointed out that the Torrance Municipal Bus Service operates regularly scheduled runs from the Allied Gardens, Walteria, North Torrance, Gardens and parts of the Keystone Area and those people who do not have their own transportation may get definite time schedules of the bus service by calling Torrance 1668.

Employees of the local downtown stores have been requested to park their automobiles away from the busy areas to enable shoppers to use the parking area. To facilitate speed in serving, many of the downtown merchants have put on additional salespeople to handle the expected crowd, it was disclosed.

## Douglas to Add 15,000 Employees

Plans to add 15,000 new employees to the Douglas Aircraft plant here "as fast as facilities are ready" were revealed by company officials at a meeting of civic leaders last Friday.

The plans for expansion of employment were brought out at a meeting of the Southwestern Traffic and Highway Association in Los Angeles where a plea was made for more and better streets.

Pointing out that the growth of employment and consequent traffic increase in the Torrance area will strain the already inadequate highways, the Douglas spokesman urged immediate action to develop and improve roadways here.
